

Dear Sirs and Madams at the FCC,
Please do NOT allow the new LPFM stations to take priority
over current FM translator service stations. This is an extremely bad idea, in
my opinion. Not only will it affect one of my personal
favorite stations, Airl, but it will affect many other stations
as well. Airl is a vital addition to many communities, providing
positive music and encouragement to a society that does not often
get messages of love and encouragement, as I am sure you are
aware. How many radio stations are there that do NOT promote
promiscual sexual behavior to teenagers and still play music that
teenagers enjoy?? These LPFM providers would reduce the number
of people who can avail themselves of such a message, whether deliberately or
accidently by stumbling upon the station as I did
the first time I ever listened to it when I was a teenager.
Please vote against LPFM and/or do whatever is necessary to keep LPFM stations
from taking over the airways...
Thank you!!
Sincerely,
~Sarah~ Niemi
